Complete System Solutions • Sustainable Supply**

LED Lighting for **Indoor Wall Pack Lights**

Indoor LED Wall Pack fixtures provide better visibility, cleaner & crisp quality of light, and one-of-a-kind designs for interior settings such as doorways, walkways and staircases.

Savings

ENERGY SAVINGS

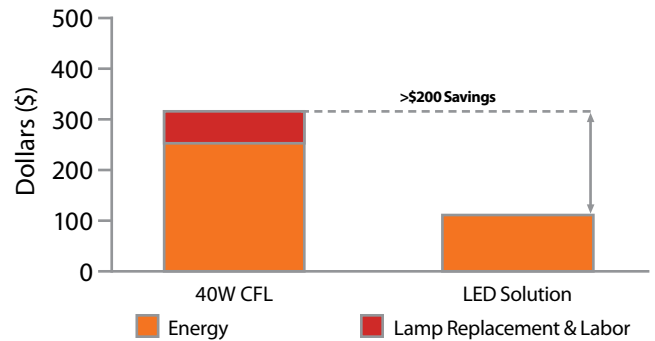

* 40W CFL including driver losses

** Includes driver losses

- Significant savings of over 50% compared to CFL

5 YEAR LIFE CYCLE SAVINGS

- Reduced energy, labor and lamp replacement costs

Enhanced Illumination

LUXEON® LEDs are directional light sources that allow for greater control to maximize efficiency and uniformity. Its small footprint means more LEDs can be packaged closer together. Also, standard or special optics are available to create uniform patterns.

Benefits

- Improved safety and visibility
- Even light distribution
- Unique and creative designs with the possibility of more light output

Eco-Friendly

Compared to traditional light sources, LUXEON LEDs are far more energy efficient. Moreover, their long life, compact size and chemical composition make it a very eco-friendly product.

Benefits

- Reduced coal and carbon emissions
- No harmful chemicals (mercury and lead free)
- Easier, cheaper and safer to dispose of
- Reduction of hazardous material (ROHS compliant)
